The Therian brothers have not one but two BIG, BAD cousins.

When they're sent to help retrieve the women that youngest brother Kel lost, it spells trouble.

Rose is the closest and set to be auctioned off. Drogue arrives just in time to rescue her, but that rescue is quickly interrupted by his brother Caldore. There's no denying the fast and hot connection between Cal and Rose, un you're Drogue of course. Which brother will win her heart? Or will they at all? Sophia is Rose's wild sister who is ready to settle down. Engaged and trying hard to be the "adult" she knows she should be, she is not prepared for what is right around the corner. Literally. Confronted in her own kitchen by freaking ALIENS, Sophia is not amused. It only gets worse when those aliens multiply and a pair of strange chameleon-like twins claim to be her "opposite." Whatever that is.

This feisty sister is not going to take this laying down - well maybe a little laying down.
