"Peggy Hanchar is a genius at portraying life, love and the pursuit of happiness." *Affaire de Coeur* Beautiful and indomitable Wild Sage is Comanche, adopted by the tribe as a child. But in her veins flows the blood of the white man, enemy of her people. Betrothed to the fierce warrior chief Two Wolves, Wild Sage sees her world change in an instant when the U.S. Army descends brutally upon her village. She is captured by Caleb Hunter, a white man who will not rest until every Comanche is on a reservation -- dead or alive. Now Wild Sage must adjust to the ways of the white man. And as her past begins to come into focus, so does her love for Caleb -- a man she has sworn to kill, but now dares to love . . .
