Bohemian squalor and surreal dark humor combine as the creator of David Chelsea in Love takes you into the lower depth's of Manhattan's most macabre imaginary neighborhood. Welcome to the Zone recounts a day in the life of a mostly mutant cast of ambitious folksingers, scheming developers, flaky performance artists and man eating home illegal aliens from the planet Gargon. A complex story of intrigue, passion, ritual murder and sweaty robot sex culminates in a riot at a benefit concert on the hottest night of the year.
