Unlike her best friend Hiroki, Georgia Collins can't see or talk to dead people. But she recently discovered she can help ghosts move on--no exorcism required! Unfortunately, so did the national media. Her underground blog is not so underground anymore and the Millroad Catholic Academy students with their scandals on exposé are than thrilled about Georgia's journalistic success. But Georgia has never been one to let things blow over, so when the police request paranormal assistance on a new murder case, Georgia decides to make the unwanted spotlight work her way and agrees to help...except she didn't expect Hiroki to refuse.
