Straight from the naughty mind of Kathryn Donovan (via Phoenix Press) comes a lustful bundling of bawdy tales, ranging from the sweetness of *Behind Enemy Lines*, a story of two warring enemies brought together under a flag of passionate peace, to the deeply wicked with the two parter *With Great Power*, where a group of friends become a pawn in a greater erotic game, to finally wind up with the sensual adventures of an immortal who wants nothing but to give love to the masses in the main story: *Red Satin & Roses*. All these stories are guaranteed to stimulate the senses, sensually torture the reader to the limit and bring them back to earth a more satisfied and sated being.
