A nature-loving travel writer and her photographer/husband run away from their home in Florida to spend a year wandering in Australia. Wander with them as they enjoy the highs and lows of life on the road, and as they re-discover many of Australia's natural wonders. If you have ever been to, or would dearly love to visit the Land Down Under, then this illustrated travel memoir is the adventure eBook for you. Come and join Linda on her natural wanders in Australia. \*Linda has had over 200 travel and natural history stories published in magazines around the world; most of these are accompanied by photos taken by her husband, Steve. Recently, Linda and Steve completed a two-year trip around Australia to write four touring guides for a publisher in Australia.
