When a malicious spirit made flesh attacks seventeen-year-old Hannah Gares, she discovers that the Ghosts of Dark Hollow are more than just legends.

The mystery deepens when a stranger arrives from Europe to reclaim his family's estate, and Hannah finds herself inexplicably drawn to the haunted Blackshire Manor and its eccentric inhabitants, including Sebastian Cravens, the dashing and dangerous heir to the Blackshire fortune. As she digs into the workings of a centuries-old mystery, Hannah will learn about the origins of these rest spirits that haunt her community and uncover the truth about herself.
