Jeremiah Tucker grew up believing that there was more gold out there somewhere.

There had to be. Even though he was born too late for the gold rush he was always able to make a living at prospecting. All that was about to change after he meets a mysterious old man in an old western boomtown. In the tradition of American western cliffhangers, The Legend of Striker's Gold harkens back to the time of simpler heroes of the American West. It is a story of virtue and trust; of hard luck and hard work. It has the elements of an instant American classic. The first installment of this series. Suitable for all ages of readers 12 and up. Printed copies are available at [www.blurb.com](http://www.blurb.com).
