Obsession is never just skin deep. Sam Blanco's greatest desire is to escape his abusive father and violent neighborhood the only way he can—by earning money as a tattoo artist for a street gang.

He's befriended their leader, the deadly Leo Reyes, and gained a measure of safety under their protection. But just when things are going right for the first time in Sam's life, Leo's girlfriend, Pilar Flores, walks in and requests a tattoo in an unusual location.

Sam obliges, but the experience leaves them both reeling. Unable to focus for days, Sam finds himself craving Pilar's touch, but she's exactly the kind of trouble he doesn't need. Pilar Flores is her father's daughter. Being the daughter of a drug lord is not an easy role to fill, but she aspires to live up to the title and make her father proud. But her father has no plans to allow her into the business, and Pilar hates being sidelined. She hates that Leo is away for days on end, and she especially hates being treated like an incompetent female by every man she sees. Except for Sam. She decides to take control of her life the only way she knows how—through seduction. But she's not prepared for how eager and passionate a lover Sam is, or how deeply she's drawn to him. Even though she knows their ill-fated affair can't possibly end well...
