Two princes.

One bride. A dire misunderstanding... Geo and Dmitri are the princes of Tybiria.

Though Geo is the obvious athlete, it's bookish Dmitri that yields the credit - and consequences - for slaying a foreign prince. But whose arrow really struck the boy? Luccia Camerlane is the Baron of Backshore's enigmatic daughter...as well as Prince Geo's secret mistress...until she learns of her disastrous betrothal to none other than his brother, Prince Dmitri. When Dmitri is abducted by the deranged King of Llewes, star-crossed lovers Geo and Lucie must set aside their woes and differences to rescue the Crown Prince from the formidable Wintersea fortress. A precocious castle ward, a fascinating love-quadrangle, and a hit-woman harlot complete this action packed rom com in another wickedly fast-paced fantasy adventure from C.

K. Brooke, author of The Red Pearl and the Books of Jordinia.
