This delightful book shows children the life cycle of trees, showing that trees are a renewable resource as their seeds can be planted to make new trees grow. It also discusses the need to remove sick, flammable and other dangerous trees as well as the various uses for wood from cut trees. All of it is so beautifully illustrated in full color that the ones come alive for adults and children alike. Ideal for parents, teachers and children. By Roberta Burzynski. Illustrations by Juliette Watts. NA-IN-01-12.
