Love hasn't changed, nor man's desire for woman, since a winter's night in 1906--when HARRY K. THAW, author of this book, murdered STANFORD WHITE, one of America's leading architects, because of his seduction of EVELYN NESBIT, glamorous young model and showgirl! Headlines shrieked from coast to coast! Millions of words were written about "The Thaw Case," covering nearly every angle of this shocking murder of passion--a scandal that shook the skeleton in many a family closet! The real story remained hidden...SUPPRESSED after publication, and only now made available!...so that you can read it firsthand, exactly as HARRY K. THAW experienced it.
