From the outside, Stella Martin's life seems perfect. A thriving yoga studio, wonderful girlfriends, and enough Mr. Right Now's to keep her entertained should be plenty to keep her busy and happy. But her perpetual single status stirs up a nagging discontent. Too many strikeouts in a row leave her wondering if there really is a Mr. Right for her. He certainly can't be Bastian Pierce, the workaholic tech genius who can't relax, no matter how attractive he is. She's been runner-up to a demanding job before. Never again. Bastian Pierce is a busy man. CEO of a tech unicorn that's just gone public and "Billionaire Bachelor" to millions of viewers, Bas doesn't have time to sleep, let alone stretch and meditate. But when his assistant badgers him into a private yoga session with a goddess, he is hooked. Maybe he should take more time for himself, especially if that time involves Stella and a tropical yoga retreat. But when complications chase them around the globe, their idyllic vacation and budding relationship are threatened. From high-pressure Silicon Valley to blissful Bali, Stella and Bas will push each other to bend and reach for what matters most.
