Shyla Sommers is your 'A' typical all around Wedding Planner extraordinaire. Well she's extraordinary all right. What could go wrong with planning a Supernatural wedding? With the recent announcement of mythical creatures coming out and her unusual new client Shyla soon finds out there is a whole new realm of possibilities. This is just a sneak peek into 'Supernatural Wedding Planner'. The Prologue and entire First chapter is available! I plan on releasing the full novel this upcoming July 2014.
